MOB WITH DYNAMITE GATHERS FOR A NEW ATTACK ON NEGROES

Crowd of Eight Hundred Threatens to Burn Section of Springfield, O., but Driven Back by the Troops Hired There by Governor.

Colored Population Ordered to Leave Reents Action and in Ugly Mood Await Attack in Which Their Homes Are Marked for Destruction.

SPRINGFIELD, O., March 9.—A mob of 800 rioters gathered on the negro lev district this afternoon and threatened to burn the rest of the buildings here.

The city officials, talking alarm, have wired Adjutant-General Critchfield at Columbus for five more companies to-night, making fifteen companies in all here. Troops from Clevington, Eaton, Greenville and Sidney will proceed to this city at once.

Chief Police O'Brien thinks there will be a race war this evening.

Sever hundred soldiers are camped about the city ready to meet the mobs, the strongest guard being in the negro district, where the whites and black battled in the race riot last night and where several houses were burned.

WILL GO ON FIGHTING.

Although Gov. Herrick has promised the Mayor and Sheriff the full military power of the State to stamp out the fighting that has followed the lynching of the negro Dixon on Monday night, the white people say they are arming on an anti-vice crusade and will not agree to peace until the negro "dives" at which there had previously been so much trouble are closed.

Mayor Bowins held a conference with city and county officials and prominent citizens, at which it was decided to close all colored resorts and order their owners to leave the city at once. The colored proprietors readily assented. The colored people are seeking protection to-day.

ALL NEGROES ORDERED OUT.

Even with the closing of all these places where negro men and women congregated for drinking and gambling, there is apprehension of further public here to-night.

After the conference at the Mayor's office it was also announced that thirty owners had ordered all undesirable colored tenants to vacate immediately. As they will be unable to secure quarters here under existing conditions, this order is practical expulsion from Springfield.

The insurance companies have cancelled all policies on properties occupied by colored tenants along the levee.

The police will assist the militia on the levee, which is the negro quarter, to-night.

ROOPS FIND DYNAMITE.

Col. Mead's troops this afternoon in dispersing a crowd recovered a lot of dynamite that was intended for blowing up the remaining colored residences. The troops are keeping the people moving and will control the situation during daylight, but a reign of terror to-night is feared.

Threats were made to burn the whole "Levee" district, in which the negroes live, to the ground. The police were powerless to disperse the throng and finally flames were seen to shoot up from the rear of a notorious colored residence and made threats against several officials of the city. This talk spread the whites, and a mob of 2,000 gathered and invaded the negro district, driving the residents into their homes.

BY SHOOT GIRL, HANGS HIMSELF

Pa Weaver, Only Eighteen Years Old, Fatally Wounds a Pretty School Teacher and Then Ends His Own Life.

(Special to The Evening World.)

PHILADELPHIA, N. J., March 9.—Miss Mary Wyker, a pretty young school teacher of this place, is dying and Paul Weaver, eighteen years old, is dead, as the result of the insane jealousy which led him last night to make a murderous attack on the girl with a pistol and then when he was pursued by a posse of his neighbors, took his own life.

The attack on Miss Wyker was made as she was going from the Union School to her boarding house, the house of Fred Purpus. She was descending a steep hill when Weaver drove rapidly up behind her in a buggy and without saying a word opened fire with his revolver. He fired three times and two of the bullets inflicted wounds that are declared to be fatal.

Now of the attack spread rapidly, and a posse of farmers was soon organized to hunt for the assailant. In the excitement Weaver escaped, and he could not be found up late last night. The mother of the young man found his body hanging from a noose tied to a tree in a field near the home of a friend. He had adopted the rope while hanging on some boxes and then shot himself in the head.

THE LID OFF IN THE TENDERLOIN

It Was Blown Under a Car and Tied Up Traffic on Broadway Until a Small Newsboy Got It Out.

(Special to The Evening World.)

AN elderly gentleman, spick and span, wearing a tall silk hat and carrying a cane, dived upon Broadway this afternoon and caused a surface car blockade which lasted for fifteen minutes.

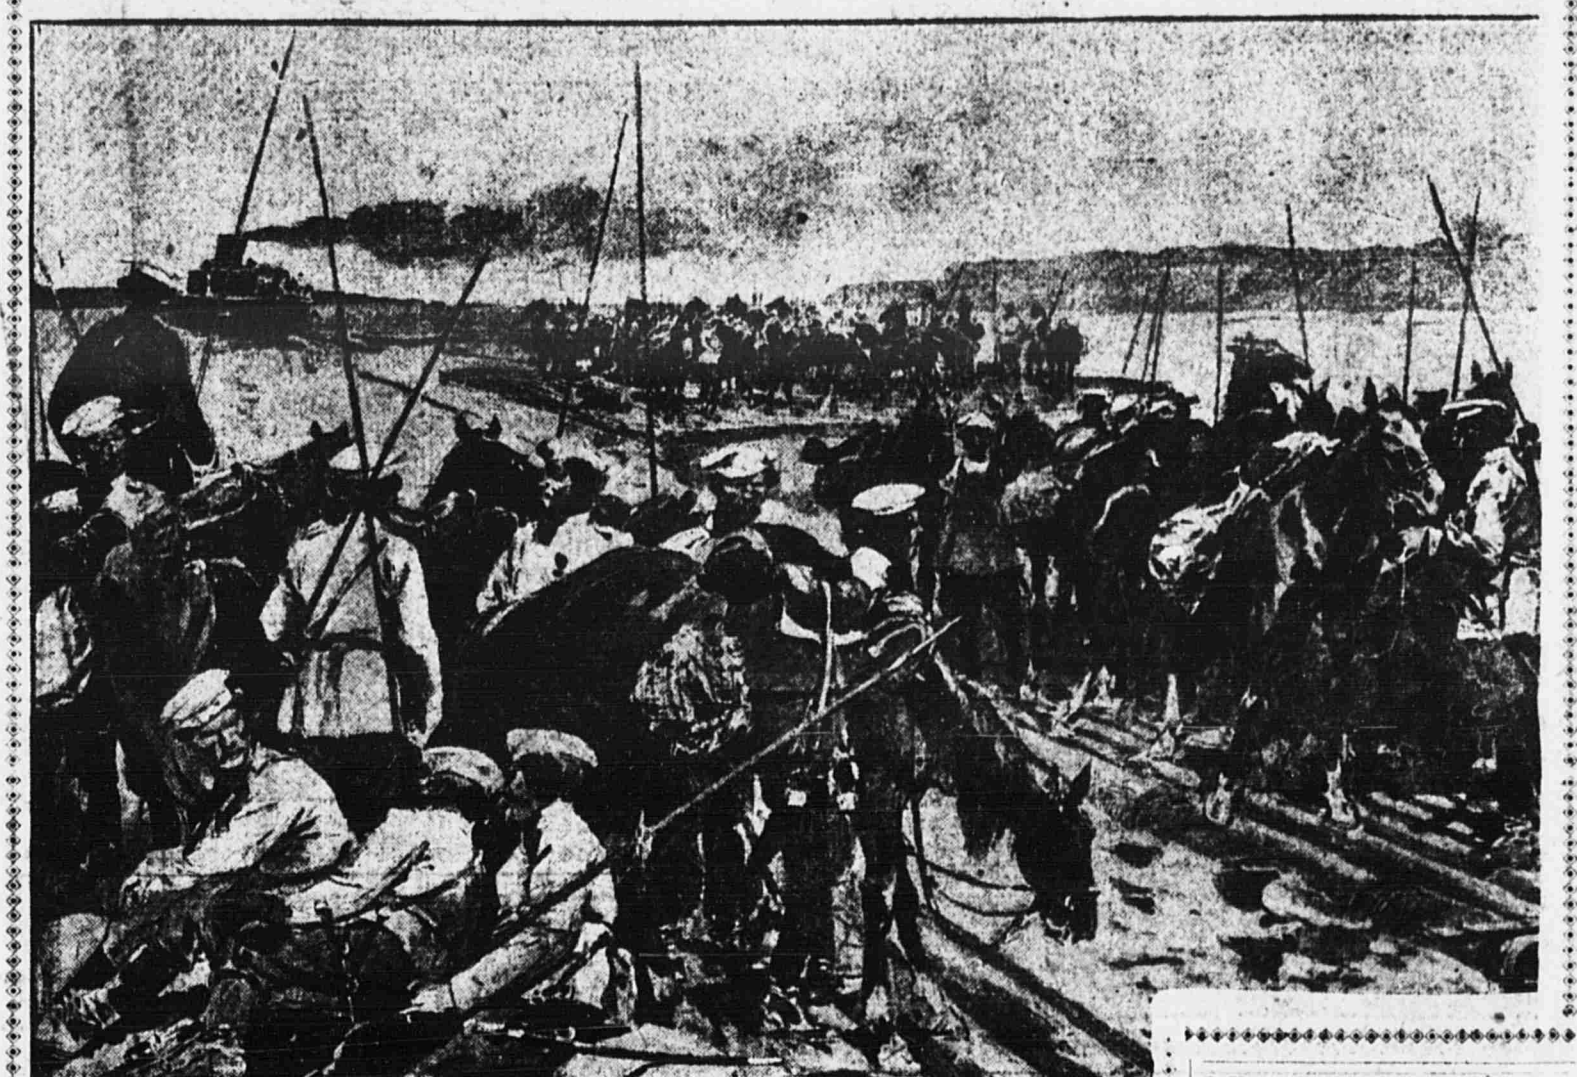

Near Thirty-eighth street a gust of wind lifted his "lid" and blew it into a downtown trolley car. The motor-man put on the brake, and for five minutes the elderly man's wheeler mingled with the pavement in a vain attempt to dislodge his hat from the wheels.

A large crowd gathered, cheered the old gentleman at his labor, and he might have been upon his knees yet but for a small newsboy who wiggled under the car and dislodged the heavy battered yet intact silk hat, which he handed to its owner and received a dollar tip.

BEATEN IN RAID ON PAWN SHOP

Clerk Was Assaulted and Badly Injured by Two Crooks in Place Conducted by the Starr Estate.

(Special to The Evening World.)

TWO men entered the pawnshop run by the Starr Estate, at No. 409 Third avenue, late this afternoon, and while one of them engaged a clerk named Murray in conversation the other tried to sneak behind the counter and steal some jewelry.

Murray discovered the scheme and started to summon assistance. As soon as the man talking to him discovered this he attacked Murray, and the two grappled. Murray fought as well as he could and was rapidly subduing the crook when the other man joined in the attack.

Murray was no match for the two men, but he fought as well as he could. He finally fell to the floor, and the two jumped on him and beat him unmercifully. The row attracted the attention of some people passing and they summoned a policeman.

The officer got in the shop just as the two men were leaving and tried to arrest him. They made a rush at him, but he managed to get one. The other escaped.

The prisoner was taken to the East Sixty-seventh street police station. He declined to tell who he was, but the police say he is a well-known crook and will get his pedigree from Police Headquarters. Murray was so badly injured that he had to be taken to the Presbyterian Hospital.

FERRY-HOUSE FIRE TIES UP A SLIP

Ship Officer at Next Pier Discovered It and Desbrosses Street Ticket Agent Learned It Was Under His Feet.

(Special to The Evening World.)

A fire in the flooring of the Pennsylvania Railroad Company's ferry-house at Pier 20, North river, foot of Desbrosses street, tied up one of the ferry slips for an hour this afternoon and caused considerable commotion among passengers and employees.

C. Benedict, one of the officers of the Day Line steamer New York, which is lying out of commission at the adjoining pier, smelled smoke and traced it to the planking in the passengers' waiting room.

He notified employees and a line of hose was run out and several planks loosened. It was then found that while there was plenty of smoke there was no fire. Benedict investigated further and finally traced the smoke coming through the planking from pier 20. He sent an engineer to turn in an alarm, and before the firemen arrived the fire was located in the ferry-house under the ticket-seller's box, on the south side.

The ticket agent, I. C. Williams, was unaware that he was standing over a fire, as the smoke, finding no vent where he was, had worked its way through the adjoining pier. A trap-door was opened and the fire was seen underneath the box, where a considerable flame was consuming the dried timbers.

Officials thought the fire was started by some one dropping a lighted cigarette on the pier.

MORSES UPHELD BY THE REFEREE IN DIVORCE CASE

William G. Davies Reports to Justice Traux that Original Dodge Divorce Was Legal, and This Will Restore Mrs. Morse as the Lawful Wife of the Ice King.

HE DECLARES THAT DODGE WAS LEGALLY SERVED WITH NOTICE.

Under This Ruling the Annulment of Her Marriage to Mr. Morse Which Mrs. Dodge-Morse Obtained May Be Set Aside—She Has Taken No Part in the Proceedings.

The work of untangling the Dodge-Morse matrimonial and divorce snarl began to-day, with Referee William G. Davies' finding that the Dodge divorce of 1898, was regular and legal.

This was on the application of Samuel Untermyer, in behalf of Charles W. Morse, the multi-millionaire banker and ice king, whose marriage of 1881 to the divorced Mrs. Dodge was annulled by Justice Bischoff in January because Justice Clarke had in December annulled the Dodge divorce on the report of ex-Justice Ernest Hall as referee on Charles F. Dodge's application claiming he had not been served with the summons and complaint and that the lawyer who appeared in the Dodge divorce suit in his name had not been employed by him.

REFeree DAVIES REPORTS.

Mr. Davies, the referee appointed by Justice Traux, of the Supreme Court, to take testimony in the Dodge-Morse case, and to report his opinion as to whether the summons was served on Dodge in the original action brought by Mrs. Dodge against her husband for divorce, and also as to whether Dodge authorized Mortimer C. Ruger to appear for him as his counsel, was filed with Justice Traux late this afternoon.

Mr. Davies reports that the summons was duly served and that Ruger was authorized to appear for Dodge. The result of this will be that Justice Traux will annul Justice Clarke's decision vacating the decree of divorce obtained by Mrs. Dodge. Application will be made to Justice Traux to confirm the report on Friday.

WILL BECOME LEGALLY MRS. MORSE.

Following this will probably come an application by Mr. Dodge to set aside Justice Bischoff's decree annulling his marriage to Mrs. Clemence Covies Dodge, the annulment having been based on Justice Clarke's decision setting aside the Dodge divorce now declared to have been a legal divorce.

Incidentally, the decision of Referee Davies by inference is a declaration that Charles F. Dodge, the restaurant manager, hotel clerk and dining-room car conductor, who is under indictment for perjury in swearing before Referee Hall that he had not been served and did not employ Mortimer A. Ruger to defend his wife's divorce action, did not speak truthfully when he so testified.

Mrs. Clemence Covies Dodge-Morse has taken no part in these proceedings instituted by Charles W. Morse.

JAP TROOPS GET BEYOND THE YALU

Advices by Cable Indicate that Attack on Port Arthur Masked a Movement of Mikado's Forces Into Manchuria.

WASHINGTON, March 9.—The Government here has received advices by cable from Chetov, opposite Port Arthur, to the effect that Japanese land forces have appeared at Fung Wang Chang and at Tashan. No details are furnished.

The first named place is about forty-five miles north of Antung, in Manchuria, and the latter is a few miles inland from the mouth of the Yalu River, according to the calculations of the naval officers here. They believe that this movement has placed the Japanese on the Russian flank and perhaps in the rear and on their line of communication.

It is believed that yesterday's attack on Port Arthur and Tashan was a diversion, perhaps to cover this expeditious land movement of the Japanese forces, who were probably landed from transports at some point of the Yalu River.

TOKIO, March 9.—Information has reached the Government that Japanese warships bombarded the forts at Tashan (Port Dalny) on the night of March 8.

After bombardment of the Dalny
